ANDERSON IS ARRESTED

WAS FORMER SECRETARY OF UNION LIFE INSURANCE COMPANY.

Unable to furnish bond in the sum of \$10,000 He spent the Night in Jail.

The investigation of the auditor of state and the grand jury into the affairs of the Union Life Insurance Company, some days ago, resulted, about 7:30 o'clock last night, in the arrest of James S. Anderson, of No. 1022 North Alabama street, on the charge of embezzlement. Anderson was formerly secretary of the company, and was deposed about a year ago.

The arrest was made by Deputy Sheriff William Leonard. Bail was fixed at \$10,000, and in default of this Anderson spent the night in the county prison. He declined to be interviewed and talked only with friends and relatives who are interesting themselves in securing bond. To them he declared he would have no trouble in clearing himself of the charges and to the latter, before retiring, he complained of treatment given him by others connected with the company. He said that no man had worked harder for the success of any concern and that \$3,500 of his money had been taken into the business. It was understood, last night, that Henry N. Spain had been retained as his counsel.

INTERVIEW A FAKE.

Governor Taylor Discredits One That Was Published.

Governor W. S. Taylor, of Kentucky, who is stopping at the Plaza Hotel, said to a Journal reporter yesterday afternoon: "I desire to say through the Journal that a pretended interview with me which appeared in a local paper yesterday and was copied into some others was wholly unauthorized by me and a fake in fact. I have given no interview to any one."

Seventh-Day Adventists.

Many ministers and workers of the Seventh Day Adventists are holding a meeting at their mission chapel, 33 South Capitol avenue. The object of the work is to prepare for the second coming of Christ, which they believe is near at hand. There will be three sermons each day and music will be furnished by organ, cornet and stringed instruments. The following ministers are attending the meeting: A. L. Miller, Roberts, Jonesboro; J. M. Ellis, Idarville; E. G. Stanley, Middletown; A. L. Chew, Glenwood; W. A. Young, Richmond; Dr. William Hill, Rochester; R. M. Sparks, Connersville; J. E. Collins, Noblesville; J. I. Fellows, Phoenix; J. S. Shrock, Evansville; S. S. Davis, Elmore; Enoch Schwartz, North Liberty; U. S. Anderson, Evansville; O. S. Hadley and R. S. Donnell, of Indianapolis.

Yoke Fellows Society.
The regular meeting of the Yoke Fellows Society of the First Baptist Church was held last night. The Yoke Fellows Club had its first meeting before the regular meeting of the society. Prof. Arthur P. Preston is director. The club expects under the leadership of Professor Preston to give concerts and also take part in some of the church services. A meeting was addressed by Mr. Charles F. Remy, reporter for the Supreme Court. His subject was "The Life of the Prophet Elijah." The Yoke Fellows will have their first bicycle ride Friday evening. All young men are cordially invited to join the club. The meetings, which are held each Tuesday night and are addressed by prominent men of the city.

New Piano, \$100 and up, at Wulschner's.

CLOSE ON ROTH'S HEELS

THE CIGAR MAKERS ARE CONSIDERING A GRIEVANCE.

They Assert that He is Selling Non-union Cigars to Saloon Keepers.

The label committee of the Cigar Makers' Union held a special meeting at the Owl cigar store, on Indiana avenue, last night to discuss the grievance against C. C. Roth, chairman of the board of public safety, may be interested in non-union cigars and is charged with inducing trade among saloon keepers on account of his official position.

The complaint did not come to the cigar makers from the saloon keepers, but from other business men who sell union cigars. These business men complain that they are unable to dispose of their goods for the reason set out in the grievance reported to Central Labor Union Monday night, and for which the special meeting of the committee was called last night.

Chairman Roth attended the meeting last night to be heard on his side of the question. He explained to the committee his situation, and denied that he had used his official position in the interest of his business. The committee took no action, but appointed a committee of three, who will start out to-day to make a thorough investigation. When enough evidence is secured it will report to either a called session of the label committee or to the executive committee. Either of these committees is empowered to act for the union, and can report the matter to Central Labor Union without further deliberation. The committee not only protests against the sale of a non-union cigar, but contends that a man in such an official position should not use it to his business advantage. When this investigation is finished the committee will likely take up two more city officials who are charged with selling non-union cigars. The names of these two officials will not be given until further investigation is made.

GRAND LODGE TO-DAY.

Large Numbers of Odd Fellows Coming to the City.

The semi-annual meeting of the Grand Lodge I. O. O. F. will open this morning at 9 o'clock. The first session will only continue for about one hour and a half, when an adjournment will be taken for the members to board a special train to go to Greensburg to witness the dedicatory exercises of the new Odd Fellows' Home. Many of the delegates began arriving yesterday afternoon and the scene about the lodge room presented a busy aspect. As soon as an arrival presented himself he was taken to the secretary's office, where he registered his credentials. The clerks in the secretary's office were busy putting out tickets for Greensburg to the delegates who had just arrived, and it was approximately late in the evening that over 1,500 would go on the special train.

A telegram was received yesterday morning at the grand secretary's office announcing the death of Past Grand Master Kimball, of Kendallville, Monday night. Mr. Kimball was one of the oldest Odd Fellows in the State and had not missed a session of the Grand Lodge for thirty-five years. There is not much likelihood that the subject of the new Grand Lodge hall will be brought up at this session. The Grand Lodge is desirous of erecting a new hall and many propositions have been presented but none is being considered. Some of the members are of opinion that the present site is too small and it may be some time before anything definite will be done toward the building of the new hall.

A. S. Pinkerton, of Worcester, Mass., grand sire of the Sovereign Lodge, which is the highest office in the order, is here and will conduct the services at the dedicatory exercises to-day. This evening a banquet will be tendered Mr. Pinkerton at the Denison by the Indianapolis Odd Fellows.

The Rebekahs Adjourn.
After many hours spent in the hot and sultry lodgeroom, the Rebekah Assembly adjourned yesterday afternoon after electing officers for next year. When the final "Amen" was said there was a great rush for the corridors to get fresh air and many exclaimed "How glad I am to get out of there."

Mrs. Victorian Craynor, of Muncie, was elected president; Mrs. Enoch Hogate, of Danville, vice president; Mrs. E. J. Shelbville, secretary, and Mrs. Mary Steigemeier, of Greensburg, treasurer. The executive officers by the president are: Home committee—D. B. Shideler, past grand warden; Frank J. Mann, Muncie, grand past president.

Quite a number of members will leave to-day for Greensburg, to attend the dedication of the new Odd Fellows' Home and the exercises at this session. The exercises are: Mrs. Wylie, past president; Mrs. Craynor, Mrs. Anna Hendricks, Mrs. J. W. McGrew, Mrs. Mary Pothe, Mrs. Alice Buchanan, Mrs. Belle Trester, Mrs. Sadie Carter and Mrs. Anna La Follette.

THE HOMEOPATHISTS.

Annual Meeting of the Indiana Institute Being Held.

The Indiana Institute of Homeopathy began its annual meeting yesterday morning in the Century Club rooms at the Denison Hotel. There are over one hundred doctors in attendance, who come from all this time to discuss various notions and cures.

The morning session was devoted to the reading of the reports of the president and secretary, and the reports of the committees appointed at last year's meeting. When President Huron, of Danville, called the meeting to order in the morning, there were only about twenty members present.

Many more arrived during the session and by afternoon the most of the members had arrived.

President Huron, in his annual address at the afternoon session, recalled the work of the last century, of the persecutions of the early practitioners, and of the rapid strides that had been made of late years, which was surpassing the work of the "old school" physicians. Dr. Huron further said vaccination was in his opinion a homeopathic treatment for smallpox. "But the fact that vaccination is a common disease among cattle, and that the death rate for cancer has increased 100 per cent. within twenty years in all vaccinating countries, and the further fact that tuberculosis is prevalent among many herds makes me skeptical as to the moral right of any power to force cowpox vaccination on any community," he said. Following Dr. Huron's paper, many papers were read and were followed by discussions among the members. There are many papers to be read at the meeting and it is highly probable that the meeting will last through three days and end either this evening or to-morrow morning.

William Buschmann Company.

The William Buschmann Company, of Indianapolis, was incorporated yesterday with a capital stock of \$8,000. The directors are George H. Buschmann, Herman A. Sillender and Emil Thiele. The company will carry on a grocery, meat market and deal in hay and grain and such other merchandise as can be conveniently bought and sold there.

C. H. Harminging Dead.

Christian H. Harminging, one of the best known Germans in the city, died yesterday morning at his home 1016 East Ohio street, from congestion of the brain. He was born

in Germany in 1844 and came to this country when he was eight years of age. He had held a number of offices, both county and city. He was a member of many secret societies of the city. A widow and five grown children survive him. The funeral will be held at his late residence to-morrow afternoon at 2 o'clock.

HAMILTON'S ARREST.

The Claim Is Made that He Has Too Many Wives.

Benjamin Hamilton, a painter, living at 21 North Noble street, was arrested yesterday morning by patrolmen and charged with bigamy. His wife, Mary, swore out a warrant for him, alleging that in December, 1888, while he was not yet divorced from her, he married a woman named Coral Coburn. The woman told Prosecutor Groninger that an attractive woman had frequently called at the house, and upon being questioned her husband, in a fit of anger, told her of the marriage. Hamilton said he had not seen the Coburn woman for many months. The case was continued in Police Court until to-day, bail being placed at \$2,000.

The records of the county clerk's office show a license was issued to Hamilton Dec. 20, 1888, and that Justice Clark made the marriage return. Mrs. Mary Hamilton, the complainant, claims that her husband left her in Cincinnati about that time and came to Indianapolis.

TWO SHOTS FIRED.

Ollie Dalton Arrested for Assaulting His Wife.

Two shots from a revolver caused a large crowd to assemble about 9 o'clock last night at East street and the Big Four tracks, and later John Harris, Ollie Dalton and Ella Dalton, all colored, were arrested by Detectives Gerber and Fort and Patrolmen Shine and Smith.

No one was injured, and several railroad men said the shots were fired into the air. The detectives and patrolmen found Dalton at the front door of the house where his wife lives, 123 South East street, with an open knife in his hand. He was struggling hard with her, and had torn off a good portion of her clothing. He was slated for assault with intent to kill.

The trouble started over the attentions shown Mrs. Dalton by another colored man. She is suing for a divorce, but it has not yet been granted.

Haymakers' Association.

The annual meeting of the Haymakers' Association will be called to order this morning in the Druids' Hall. There are ninety-two associations in the State representing over 7,000 members. The object is to be a lively contest for the office of secretary at this meeting. Perry Barr, of Muncie, desires the office, and E. J. Noble, the present incumbent, who has held the office for seven years.

Rev. John C. Carman Resigns.

The Rev. John C. Carman, assistant pastor of the First Baptist Church, in charge of North Indianapolis and Brightwood missions, has resigned, to become effective July 1, at which time he will succeed Charles D. Meigs as general secretary of the State Sunday School Association.

New Case of Smallpox.

The Board of Health yesterday morning found another case of smallpox at 9454 South Meridian street. B. F. Vandiver, twenty-one years old, has a well developed case of the disease and the board decided to quarantine Vandiver's residence, and also the house adjoining.

WHY DO YOU INSIST ON PAINTING YOUR HOUSE WITH PURE WHITE LEAD?

Of all the materials used in painting, it is the least durable. The oil absorbs oxygen, finally burns it up and you have nothing but a dry powder left, which brushes off like whitewash. The fact that it "chalks" is absolute proof of its purity. THIS IS NOT A THEORY, BUT A FACT. A combination of zinc with the lead overcomes all this. We make it. Specify it when you have your house painted. See that our name is on the label if you want the GEN-UNE.
